

Client NDA

This Non-Disclosure Agreement (NDA) is made between the client (you) and **Trovyn Studio**, operated by Rehan Rafai, to protect confidential information shared before, during, or after any project.

1. Confidential Information

Any shared material — design ideas, branding assets, content, strategies — will be treated as confidential unless already public.

2. Mutual Respect

Trovyn Studio will not reuse, copy, or disclose your material. You agree not to misuse internal tools or access you're given during the project.

3. Duration

This NDA remains in effect indefinitely, covering both ongoing and completed projects.

4. Ownership

All final deliverables belong to the client once payment is complete. Trovyn retains the right to showcase general work for the portfolio unless you request otherwise.

 We believe in trust-first collaborations. If you'd prefer a signed NDA, we're happy to provide one on request.
